### **Intro**

F - C - Bb (x2)

### **Verse**

F - C - Bb (x3)

Well the light is turning yellow  
So I go as fast as I can  
I may be late to the party

But here I am

### **Chorus**

F - C - Bb (x3)

My Daddy taught me how to hold my liquor  
My Mamma taught me how to lose a man  
And I'll make this life worth living

### **Verse**

F - C - Bb (x3)

There was a decade  
Of darkness - fighting demons  
Till I had the love to find the light  
Ya think I'd unlearn lessons quicker

### **Build**

C /// - C/E ///

One day I just might

### **Chorus**

F - C - Bb (x3)

My Grannie taught me how to hold my power  
Shut the window, bust through the door  
You may not know  
What tomorrow gonna bring,

### **Build**

G7 /// - C ///

Show up for more

### **Chorus**

F (Stop)

Get up

C - Bb (Hits)

Get dressed for the party

F (Stop)

Get good

Bb ///

At sayin goodbyes

Love hard as you can,  
Baby be clear

### **Build**

Be clear on why (why why why)

### **Chorus**

F - C - Bb (x6)

The light is tuning yellow  
So I go as fast as I can  
I may be late to the party  
But here I am  
Oh my Daddy taught me how  
To hold my liquor  
My Mama taught me how to lose a man  
I maybe late to the party

### **Build**

G7 /// - C ///

But here I am

### **Outro**

Here I am  
Oh, Here I am  
Here I am.
